Description	Fiscal period(s) ending in 2015	
	Amount(\$)	Other fiscal period of under 12 months Amount(\$)
Net income (net loss) appearing on the statement of results used to declare your financial information		
Adjustment to consider for the net income (net loss) due to changes you made to the financial data (at the request of the FADQ to meet AGRI programs standards)		
Accounting depreciation (in accordance with generally accepted accounting principles)		
Income from a non-farming activities ¹		
Expenses associated with this non-farming activities ¹		

1 Income and expenses of non-farming activities are determined on the basis of accrual accounting. They may include allowable and non-allowable elements for AgriStability.

You must declare an amount:

- when the income and expenses related to non-farming activities were compiled separately from the operation's farming activities on the financial statements (or considered non-farming activities for tax purposes).
- or when this income represents more than 30% of the operation's total income.

If you have established that you have to report amounts as income and expenses related to non-farming activities, you should not include the part non-farming that you already reported under the codes 9609, 9943, 9837 and 9990.

B. PRODUCTIVE UNITS

In the framework of your participation in AgriStability and Agri-Québec Plus, you must provide your operation's number of productive units, for each of the fiscal periods ending from 2010 to 2015. The number of productive units provided enables us to adjust your operation's reference year production margins in relation to its production capacity during the participation year.

You will find in the table, where appropriate, the productive units listed in your crop insurance and stabilization insurance file for the participation years involved. They could be different from those appearing on your crop insurance certificates or your stabilization insurance payment sheets. They were established on the basis of your fiscal period ending in 2015 and any twelve-month periods prior to the start of that fiscal period back to 2010, and not of the period covered by the insurance year.

For the productions already entered, please complete any spaces that were left blank. Also report any other of your operation's productions. You must report this information based on the period covered by the fiscal period ending in 2015. If you do not have enough space in the table, please add another sheet containing the same type of information.

To report all your operation's productive units based on your fiscal period, see the *Guide for reporting productive units* on our website at www.fadq.qc.ca or contact your service centre.
