ELIGIBILITY CONDITIONS AND CROSS COMPLIANCE MEASURES

The program sets out eligibility conditions and cross compliance measures related to environmental standards in effect.

Participants who do not comply with these conditions or measures will lose the benefits to which they are entitled or see them reduced.

CHANGES TO CERTIFICATE

No change may be made to crop insurance coverage by the participant after the enrolment deadline.

NOTICE OF DAMAGE

When a participant's insured crops are damaged, the participant must **immediately** notify La Financière agricole and **at the latest 2 business days before the beginning of the harvest, the execution of the urgent works or the destruction of the harvest.**

COMPENSATION

Emergency measures

Emergency measures may be authorized by La Financière agricole to mitigate or avoid a drop in yield.

This indemnity can be paid for benefits options at 80 %, 80 % with abandonment and 85 %.

Abandonment

When the crop is damaged by a risk covered by the insurance, to the extent of abandoning this crop over part or all of the affected area, abandonment compensation is paid out for the affected area when the subscriber has opted for *the 80 % guarantee with abandonment.*

Abandonment can be authorized as long as a La Financière agricole advisor can assess the damages while the crop is still in the field.

Minimum area: Entire field or 0.5 hectare (undivided).

Drop in yield

Compensation is paid when damages result in a loss of yield higher than the deductible corresponding to the benefit option on the participant's certificate.

GOVERNMENT PARTICIPATION

Administrative costs are fully assumed by the governments. The Government of Canada pays 60 % of costs and the Government of Québec pays 40 % of costs.

The financing of the premium is partly assumed by the governments. The participant's share ranges from 20 % to 43,5 % depending on the crop insured and the benefit option chosen.
