ELIGIBILITY CONDITIONS AND CROSS COMPLIANCE MEASURES

The program sets out eligibility conditions and cross compliance measures related to environmental standards in effect.

Participants who do not comply with these conditions or measures will lose the benefits to which they are entitled or see them reduced.

CHANGES TO CERTIFICATE

Participants must notify La Financière agricole by **August 1** of any change that could out modify their insurance certificate.

NOTICE OF DAMAGE

When a participant's insured crops are damaged, the participant must **immediately** notify La Financière agricole and at the latest **2 business days before the harvest begins or urgent work is carried out or the crop is destroyed**.

COMPENSATION

Extra coverage

When weather conditions prevent seeding, compensation is provided for expenses incurred not salvaged as another crop and according to the rates in effect.

Minimum area: 1 undivided hectare.

Emergency measures

Emergency measures may be authorized by La Financière agricole to mitigate or avoid a drop in yield.

Abandonment¹

When the crop is damaged by a risk covered by the insurance, to the extent of abandoning this crop over part or all of the affected area, abandonment compensation is paid out for the affected area.

Abandonment can be authorized as long as a La Financière agricole advisor can assess the damages while the crop is still in the field.

Minimum area: 1 undivided hectare.

Drop in yield

Compensation is paid when damages result in a loss of yield higher than 20% of the total insurable yield or insurable value.

GOVERNMENT PARTICIPATION

Administrative costs are fully assumed by the governments. The Government of Canada pays 60% of costs and the Government of Québec pays 40% of costs.

The financing of the premium is assumed by the governments (60%) and the participant (40%), for all benefit options.
