2. Project descriptions and eligibility

Select the description that corresponds to your project and check the main eligibility conditions :

- The project involves the construction, renovation or improvement of a building and equipment to :
- Increase the operation's production volume, performance or profitability;
 - Comply with standards regarding animal welfare, organic production or any other requirement applicable to agri-food production;
 - Start up a new agricultural or agri-food business;
 - To comply with the California standard on lead – Maple syrup production..
- Or
- The project concerns land improvement, including drainage, liming and clearing.
- And
- The investments do not involve any other financial assistance from FADQ or MAPAQ.
- And
- The project is not for the following purposes :
- 1° Consolidating loans and converting secured loans;
 - 2° Purchasing shares and permanent working capital;
 - 3° Current operating expenses;
 - 4° Farm machinery;
 - 5° Purchasing quotas and animals;
 - 6° Purchasing land, a house, a farm or other buildings.
- And
- The operation meets all the conditions of the financing program.
- And
- If the business is an agri-food processing operation, it is :
- Made up (at least 50%) of persons engaged in agriculture, and;
 - Includes the provision of goods and services related to agriculture.

N.B. Certain documents may be required by La Financière agricole following the analysis of your project. Obtaining these documents is also an eligibility condition.
